

# PLEDGE TO INCLUDE!

RAPID wants to help your staff, programs and facility become more welcoming and inclusive to people with disabilities.

## Step One: Assesment

Organizational  
Assessment & Staff  
Assessment

## Step Two: Staff Awareness

Staff training on Disability  
Awareness 101 &  
Disability Awareness 201

## Step Three: Policies & Programs

Establish inclusive policies  
and recommendations for  
the future

## Set Yourself Apart!

People with disabilities don't want "special" programs, we want to be included and considered in the development of health and wellness programs.
